Overview

Company

Claron Engineering is a trusted provider of innovative and reliable electrical solutions for industrial, commercial, and domestic sectors, delivering high-quality work that prioritizes safety and customer satisfaction. Established in 1999, we bring over 25 years of expertise to every project, driven by a passion for excellence and a commitment to creating safe, efficient environments.

Industries Served

- Consumer Goods: Unilever South Africa, Hullett, RCL Foods, Zamani Chemicals, SD Guthrie International.
- Commercial: Builders Warehouse, Redhill Union.
- Industrial: Sime Darby Oils, Ingrain SA.

Mission & Vision.

MISSION

- To provide reliable, safe, and efficient electrical services that exceed customer expectations through high-quality installations, maintenance, and repairs.

VISION

- To be a leader in sustainable and cutting-edge electrical engineering solutions across Southern Africa.

CORE VALUES

- **Quality Workmanship:** Precision in every project, from simple repairs to large-scale installations.
- **Integrity:** Transparent, honest, and ethical operations.
- **Customer Satisfaction:** Tailored solutions and exceptional service to build lasting relationships.
- **Safety First:** Compliance with the highest safety standards for people, property, and the environment.
- **Compliance & Accountability:** Adherence to all regulatory standards (ECA, ECB, NBCEI) and Department of Labour (DOL) accreditation.

Services Provided.

We specialize in comprehensive electrical engineering solutions, including

INSTALLATIONS

Industrial, commercial, and domestic electrical systems, solar systems, LED lighting, generators, UPS, and fibre optics.

COMPLIANCE

COCs (Installation Electrician & Master Installation Electrician) for general, hazardous, and flame-proof areas.

MAINTENANCE

DB maintenance, infrared scanning, power factor correction, and generator servicing.

DESIGN

Energy audits, lighting control systems, racking cable installations, and custom control panels.

SPECIALIZED SOLUTIONS

Electric fencing, renewable energy systems, and sourcing of electrical equipment.

Certifications & Compliance.

Registered with the
Department of Labour

Members of ECA (Electrical Contractors
Association), ECB, and NBCEI.

Compliant with the Occupational Health and
Safety Act (OHSA) and all local regulations.
